LAST DEFENSES ATTACKED;  
TURKS TALK SURRENDER

Powers to Force Ships to De-  
fense of Christians—Taft  
Sends Cruisers to Scene

BUDAPEST, Nov. 8.—Reports this afternoon say the Bulgarian army has completely reduced the Tchatalla fortifications, has routed the defenders and can enter Constantinople as soon as it can cover the twenty-five miles to the capital. It is believed the end of the Balkan struggle is near, and that the fall of Constantinople will mean the beginning of a European war. It is authoritatively reported that Turkey is negotiating with Bulgaria to surrender Constantinople to Czar Ferdinand, on what terms was not learned.

LONDON, Nov. 8.—Both from Sofia and Belgrade it has been telegraphed that the Bulgarians have captured most of the forts on Constantinople's last defense line. It is certain that the fighting is progressing and that the Turks are making their last stand against Christian entry into their tottering capital. It is believed the fall of Constantinople is sure to occur within a few hours, and that a massacre of Christians at the hands of the defeated troops and infuriated Moslem populace will follow. Bulgarian censors are eliminating portions of their correspondents' matter, so all reports are colored.

What share England takes in the reported plans of the powers to limit territorial acquisition is uncertain. Apparently action of the powers hinges on the ability of Czar Ferdinand to force an entrance into Constantinople.

NEGOTIATIONS FOR SURRENDER  
OF TURKS SAID TO BE BEGUN  
VIENNA, Nov. 8.—Lieut. Wagner, correspondent on the Bulgarian front for the Vienna Reichpost today telegraphed that paper that informal negotiations had begun for the surrender of the Turks holding the uncaptured forts before Constantinople. Other dispatches which say that the Bulgarian army has captured Tchatalla say: "Constantinople's last bulwarks are gone."

DISEASE AMONG SOLDIERS  
ABOUT CONSTANTINOPLE  
CONSTANTINOPLE, Nov. 8.—A disease resembling cholera, according to reliable reports today has broken out among the soldiers fighting about Constantinople.

SITUATION DESPERATE—MILLION  
MEET IN COMBAT IF CITY FALLS  
More than one million men, women and children will meet in combat in the streets of Constantinople, should the Moslem capital succumb to the Bulgarian attack. The situation is admittedly growing more desperate hourly. The minute that word is flashed to the Bulgars that the last line of resistance, the massacre is likely to start. All business is suspended in Constantinople.

SILIVRI PEOPLE MASSACRED  
AND TOWN SET ON FIRE  
Because the people resisted the seizure of food by the Turkish troops, the latter massacred the inhabitants of Silivri and set the town afire. The population numbers 8000.

TURKISH CABINET GIVES NATION  
INTO HANDS OF THE POWERS  
CONSTANTINOPLE, Nov. 8.—Turkey has bowed humbly before the world.

The cabinet late last night, and after a long conference, decided to accept the offer of the great Powers to arrange an armistice with the Balkan allies and to abide by the conditions imposed, these conditions being that Turkey is willing to allow the Powers to safeguard her interests and settle them at their discretion.

Bulgars Take Tchatalla Forts  
LONDON, Nov. 8.—The Turks driven in disorder from the Tchatalla forts and the Bulgarians now have practically a clear road into Constantinople, was the news flashed by Sofia dispatches last night. Following several fighting of two days, the Bulgarian artillery broke breaches in the defense through which the victors poured in. The Turks retreated in disorganization upon the capital. Panic exists in Constantinople and on demand of the foreign ambassadors entrenchments were thrown up at San Stefano and Kiatkane to check the mob of soldiers fleeing toward the city.

## School Report Says This Is City of Homes

"That Santa Ana is a city of homes is attested by the figures for attendance in the city schools. The first monthly report of the schools of Santa Ana for 1912-13 gives 2375 as the number of students in attendance, 598 of these being in the High School. The average daily attendance has been 2141."

Last year the total number of students in the city schools for the first month was 2105. The above taken from the weekly Santa Ana high school letter by Chauncey Pond, appearing elsewhere in this paper, shows a gain of nearly 300 during the first month's attendance in the 1912-1913 school year, as well as a notable increase of high school students.

AMERICAN CRUISERS OFF  
FOR MEDITERRANEAN TODAY  
WASHINGTON, Nov. 8.—The armored cruisers Montana and Tennessee were this afternoon ordered to sail from Philadelphia immediately to the Mediterranean Sea by President Taft for the protection of American missionaries and educators stationed at Smyrna and Beirut. The American Ambassador at Constantinople has been ordered to confer with his colleagues and take all necessary steps should the lives of foreigners be jeopardized in the fall of the capital.

The decision to send cruisers to the Mediterranean was reached after a long conference between the President and his cabinet. The decision marks a complete change in the American attitude.

## BOY SCOUTS TO STATE RESULT IS BE TOPIC OF MEETING UNCERTAIN AS EVER

Scout Movement to be Promoted  
in Orange County Under  
Wise Management

COUNTY Y.M.C.A. PROPOSE  
COUNCIL FOR DIRECTION

Meeting Called to Organize  
"Boy Scout Council" on  
November 13

The following letter has been sent out to a large number of people in Orange county calling attention to a public meeting, to which everyone is invited:

Santa Ana, Cal., Nov. 7, 1912.  
Dear Friend:—You are among those especially invited to be present at the meeting Wednesday evening, November 13, to organize a council to promote the Boy Scout movement in Orange county.

As you may already know, the Boy Scout movement furnishes one of the best methods of guiding the recreation hours of the boys into character building and practical educational lines.

No well sustained objections have been found to the movement as such. All criticisms arise from the mistakes of individual groups or from the confusion with another movement working along different lines than does the Boy Scouts of America.

It is not a question of whether there will be any Boy Scouts in Orange county—it is merely a question of who shall guide and direct it, and we want you to help us see to it that it does not fall into the hands of those who may lead it into wrong channels, but that it may be under the direction of the forces which will make it a power for good among the boys.

The best method of doing this will be to organize a "Boy Scout Council," and it is for this purpose that this meeting is called.

If you are interested come to this meeting in the United Presbyterian church in Santa Ana, Wednesday, November 13, at 7:30 p. m.

Yours very truly,  
The Committees on Organization.

## GOV. JOHNSON IS OPTIMISTIC

Declares Progressive Party  
Won Victory in Crystallizing  
Moral Sentiment

CHICAGO, Nov. 8.—In a statement given out by Governor Johnson of California during a stop here, when he expressed himself pleased with the great stand of the Progressive party and its achievement in taking second place, in the body politic, he said: "The lasting and permanent victory was won by Progressives Tuesday in the crystallization of a great public sentiment founded upon a moral conception. That immediate success did not come to candidates is no consequence. The big thing has been accomplished. There's a new party in the nation that has come to stay; a new spirit in Americanism that means ultimately real progress; a new life in politics that marks better national existence, Progressives in every state have had this baptism of fire. They are unafraid still, and will preserve their organization everywhere. A mere battle has been fought; a great war begun."

"The battle has been in reality a substantial victory. Those who then participated I find have strength and courage for the continuance of the conflict. In common with all Americans we wish Mr. Wilson a successful and prosperous administration. "The Progressive party has now become one of the great national parties with definite fixed policies, in the fulfillment of which it welcomes aid; but it is going forward with solemn determination to achieve its purposes."

COUNT IN LOS ANGELES  
COUNTY SEEMS CONFUSED

Possibility of Mixed Electorate;  
Democrats Voicing Ugly  
Doubts

SAN FRANCISCO, Nov. 8.—With only fifty-five of the 4372 election districts of California missing, Roosevelt is estimated to have a lead in the neighborhood of 300 votes, with the indications that it will take the official count to decide in which column the state will really fall.

Of the fifty-seven districts unreported, seven are in Los Angeles county.

"We will have a plurality of at least 25,000 in Los Angeles county. The situation looks good to me," said Meyer Lissner in a telephone conversation.

Unofficial figures compiled by Registrar Zemansky, show that Wallace, head of the Roosevelt ticket, may run 100 ahead of the lowest bull moose elector, while the difference between Griffin, head of the Wilson column and the low man promises to be much less. If this should hold good throughout the state, Zemansky believes the result will be a mixed electorate for California.

"Vague and conflicting reports of the result of the election in Los Angeles county leads us to believe we are being jobbed there. We have communicated with our lawyers and organization men in the South to make a thorough investigation."

This was the statement today of Chairman J. O. Davis of the Democratic Central Committee.

AND NOW WILSON IS CLAIMED  
TO BE IN LEAD WITH 100  
Independent computers of California election returns this afternoon claimed Wilson has won the state by 100 plurality.

DEMOCRATS NAME COMMITTEE  
TO WATCH OFFICIAL COUNT  
LOS ANGELES, Nov. 8.—H. H. Cotton, Democratic county chairman, has appointed a committee of five, headed by Lynn Helm, to watch the official count of Los Angeles County, to prevent frauds. The Democrats make no charges, but say that matters are almost hopelessly mixed.

BIG SOCIALIST VOTE IN  
LOS ANGELES COUNTY  
LOS ANGELES, Nov. 8.—The vote for Debs, Socialist candidate for president, runs close to 20,000 in Los Angeles city and county, latest returns giving him 13,708 in the city and 5736 in the county, a total of 19,344. The complete returns. Socialist leaders affirm, will exceed 20,000 and perhaps reach 21,000.

Kettner's Majority, 3872  
SAN DIEGO, Nov. 8.—Unofficial returns from seven counties in the Eleventh district give Kettner, Democrat, 3872 plurality over Evans, Republican, for Congress.

Kent's Election Certain  
SAN FRANCISCO, Nov. 8.—Sixty out of sixty-seven precincts in Humboldt county make Congressman Kent's election in the first district, by 1000, certain.

WILL BUILD ART GALLERY

REDLANDS, Nov. 8.—A new art gallery, costing about \$20,000, at the home of Henry Fisher on Highland avenue, is nearing completion. It has been constructed as an L to the Fisher mansion. The Moorish type is followed by the art treasures, collected by the Fishers in Europe, will be placed in the gallery.

A stage has been built at one end, so that the gallery may be used for private theatricals by Redlands society.

BERNHARDT ATTACKED BY BEAR

LONDON, Nov. 8.—Madame Sarah Bernhardt, the world famous tragedienne, was attacked by a bear in Cross Museum yesterday and had a narrow escape. While Mme. Bernhardt was viewing the animals the bear seized her and tore her fur garments. The bear was finally beaten off by the attendants of the museum.

ISAAC TRUMBO FOUND  
BEATEN UP IN GUTTER

SAN FRANCISCO, Nov. 8.—The police today started a thorough investigation into the death of Isaac Trumbo, a retired capitalist and mining operator, in St. Luke's Hospital, where he was sent by friends who found him unconscious and beaten up in a gutter.

## COMMITTEE'S THANKS FOR LOYAL SUPPORT

Santa Ana, Cal., November 7, 1912.

Editor Register:

Accept the sincere thanks of the members of the Republican County Central Committee and of all loyal supporters of our cause for the splendid work done in your paper in the cause of Progressivism in politics, and allow us as Chairman and Secretary of that organization through your columns to thank those splendid men who so generously furnished automobiles to assist voters to the polls; also all men and women who worked so devotedly at the polls for the success of the righteous cause. Last, but not least, that great host of voters who rolled up the magnificent majority for every candidate on our ticket in Orange county; to each and all of you we extend our thanks and congratulations.

Our fight locally has been won, but nationally just begun. In four short months we have accomplished more by achieving second place nationally than ever was accomplished before in the same length of time. In 1916 we will win, the cause of God and humanity will prevail.

S. J. JACKMAN, Chairman.

W. H. THOMAS, Secretary.

## PROHIBITION IS WEST VIRGINIA

State-Wide Prohibition Won by  
75,000—Thanksgivings all  
Over State

CHARLESTON, W. Va., Nov. 8.—Based on complete returns from fourteen counties it was estimated yesterday that the amendment for state-wide prohibition of both sale and manufacture of intoxicants has carried by 75,000 or more. The rum interests are in a panic. Meetings of thanksgiving are to be held all over the state. Ohio County is the only one to vote wet.

## TAFT BEGINS NEW MESSAGE TODAY

WASHINGTON, Nov. 8.—President Taft today began outlining a message to send to Congress. He plans to make it a resume of the policies which his administration has advocated but which are not yet adopted. There will be only fifty-seven working days in the coming session. President Taft's recommendations will include tariff reductions on certain schedules.

Among other recommendations that President Taft will make are the following:

An extra new battleship immediately and three annually hereafter; fortifications of the Panama Canal, and a law permitting foreign nations to appeal to the highest court from the free tolls given American vessels, and an international investigation of the high cost of living.

JAP BRIDGE SEEKS DIVORCE  
SAN FRANCISCO, Nov. 8.—A new fashion among Orientals was set here, when Mrs. Kayo Tamai, Japanese picture bride, brought suit for absolute divorce against Asakaji Hamai.

Bigamy is the ground on which the complaint is based, the woman charging that Hamai already had a wife when she married him June 25, last. This is the first divorce suit ever brought in California by a Jap.

## TUSTIN AND ITS DISTRICT FROST PROTECTION LEAGUE

At a meeting of the above league held at the Tustin Hills packing house on Saturday last, Nov. 2, it was decided to purchase and erect two large tanks for the storage of distillate for use of members of the league. The capacity of each tank will be about 24,000 gallons.

As this is a new organization it may interest readers of this paper to know the object for which this association was formed. On account of the frost of last winter and the damage done to citrus fruits, this organization is effected to get the growers to take a greater interest in the protection of their orchards from frost.

Also owing to the difficulty in obtaining fuel oil when necessary and a prompt distribution of the same, it was thought advisable to get the citrus growers to organize so that the

## WILSON LAUDED AS THE NEW LINCOLN

Illinois Pays Tribute—Election  
Call From Progressives,  
Says La Follette

PRINCETON, N. J., Nov. 8.—Joseph Davies, secretary of the Democratic committee unexpectedly visited Gov. Wilson today.

"Out in Illinois," he told Wilson, "they are calling you the new Abraham Lincoln with a college education."

LA FOLLETTE SEES PROGRESSIVE  
CALL IN WILSON'S ELECTION  
MADISON, Wis., Nov. 8.—Senator La Follette, speaking through his weekly, says that Wilson's election is a call from the progressive people of the country "who are oppressed, heart-sick and demanding plain, simple justice, and striving for educational, political and industrial democracy."

SAVED LIVES OF SCORE  
Rosslyn Mine Rescue Squad Use Oxygen in Rescue of Train Crew in Cascades Tunnel

ELLENBERG, Wash., Nov. 8.—The work of the Rosslyn mine rescue squad with Pulmotor and oxygen tanks probably saved the lives of a score of men who were overcome by gas in the Stampede tunnel at the summit of the Cascades Thursday night, when a Northern Pacific train stalled in the tunnel.

Conductor Leonard Hallett of Seattle and an unknown track layer died from the effects of gas.

GRAVE FEARS OF EUROPEAN  
WAR DEPRESS STOCK MARKETS

VIENNA, Nov. 8.—The gravest fears are felt that within a few hours all Europe will be plunged into war over the shattered remnants of Turkey. The situation is most alarming and the stock markets are depressed. If Serbia insists on getting an outlet through the conquered territory to the Adriatic, officials say that Austria will be compelled to resort to war. It was officially announced this afternoon that Austria and Italy plan to divide Turkey regardless of Serbia.

SECOND FOOTBALL TEAM WILL  
PLAY LONG BEACH TOMORROW

The second football team travels over to Long Beach tomorrow for another fight with the scrubs there. Santa Ana seconds won last Saturday, but there may be a different tale to tell this time. However, the Cardinals are confident of victory.

for Princeton Man—Count  
Practically all in

CALIFORNIA STILL IN  
DOUBT BUT IS CLAIMED

Wyoming and Idaho Flop From  
Taft's List But Utah is Still  
Believed His

NEW YORK, Nov. 8.—Practically complete returns today from everywhere make it practically certain that Wilson will have 442 votes in the electoral college. Belated returns from rural Wyoming districts give Wilson the state by a narrow margin, and although California is in doubt, it is believed the above figures will stand.

The latest available figures show that Wilson will have control of the Senate, forty-eight Democrats being elected.

A compilation of the latest official and unofficial estimates of the election returns from over the country gives the following popular vote: Wilson, 6,398,997; Roosevelt, 4,307,305; Taft, 3,359,364.

Kansas Governorship in Doubt  
TOPEKA, Kas., Nov. 8.—The election of Arthur Copper, the newspaper publisher, for governor of Kansas, is claimed by a plurality of at least a thousand by Republican leaders today. The Democrats claim that Geo. H. Hodges is 1500 ahead.

"NELL ROSE" IS NEW FASHION  
COLOR, FOR ELEANOR WILSON  
NEW YORK, Nov. 8.—In honor of Governor Wilson's daughter, Eleanor, a large department store today launched "Nell Rose" as a new fashion color. At the time of Roosevelt's election "Alice Blue" was named in honor of the Colonel's daughter, Alice, since Mrs. Nick Longworth.

SPRECKLES WIRES ADVICE TO  
OFFER \$5000 ELECTION PROBE  
A telegraphic suggestion to offer \$5000 reward for evidence of fraud in counting election votes in Los Angeles county was sent to Wilson leaders in California today by Rudolph Spreckles, the San Francisco millionaire.

Spreckles is astounded at the turn in affairs in his state and announced that he would leave for the West this afternoon. He said the situation in Los Angeles county ought to be probed and that he would help raise funds for such an investigation. He will personally see that Wilson gets exact justice and every vote in California that he is entitled to.

Wilson's Lead Big in Illinois  
CHICAGO, Nov. 8.—Complete unofficial figures in Illinois give Wilson 13,855 plurality.

Michigan Elects G. O. P. Legislature  
DETROIT, Nov. 8.—Practically complete returns today indicate that the next legislature will be Republican, thereby insuring the return of William Alden Smith to the Senate.

Incomplete returns from fifty Michigan counties give woman suffrage 41,000 majority.

Ohio Strong for Wilson  
COLUMBUS, Ohio, Nov. 8.—Complete returns today from all but six Ohio counties give Wilson 379,913, and Taft 255,353.

Lister Succeeds Governor Hay  
SEATTLE, Nov. 8.—Ernest Lister, Democrat, was elected governor of Washington by a plurality of 3000 over M. R. Hay, the Republican incumbent.

Wisconsin Gives Wilson 37,000  
MILWAUKEE, Nov. 8.—Wilson's plurality in Wisconsin is today placed at 37,000.

Wyoming in Wilson Count  
CHEYENNE, Wyo., Nov. 8.—Latest figures show that Wilson is leading Taft by 900 votes, which will undoubtedly carry the state. The Republicans claim that missing precincts will give Taft a plurality, but this is not believed.

Even Idaho for Wilson  
BOISE, Idaho, Nov. 8.—Returns representing four-fifths of the votes of the state indicate that Wilson has carried Idaho. The official count may be necessary to determine the result.

SALT LAKE CITY, Nov. 8.—A plurality for Taft in Utah of 4564 is shown in a complete tabulation with four counties estimated. The figures are:

Taft, 35,362; Wilson, 30,798; Roosevelt, 20,925; Debs, 7000; Reimer, 300. The Prohibitionists were not on the ticket.

## BASEBALL ON NEXT SUNDAY

Harris and Franks to Cross Bats With Locals on the New Baseball Field

The Harris and Franks of Los Angeles are coming down next Sunday to cross bats with the locals on the new baseball grounds located on East Fourth street.

The clothiers have beaten the locals twice in the past, but as the locals have strengthened their lineup they expect their chances for victory to be correspondingly strong. The fans expect this to be a nifty game.

Glen Callen, the hard hitting third sacker, will be back on the job after an absence of one week on account of sickness. The local team will hail his return.

Brown will be on the mound with Stevens on the receiving end. The locals have developed a winning streak and say that it is impossible for them to lose a game during the season. And the way they are banging the ball around it looks as if they were correct in their assertions.

The Santa Ana boys have won four straight and they expect that Sunday's game will give them the fifth. It is hoped that everybody will get the boosting spirit and get out to the game. A good dose of rooting will undoubtedly help the boys to win. Everybody go.

## MOTORCYCLE RACES EVENT

Keen Sport Looked for Thanksgiving Day—Breaking of Records Expected

There sure will be "some going" at the motorcycle races on Thanksgiving day. Machines are now being groomed for the speed tests.

Chief "Sitting Bull" can be found by looking in the west window of the Cherry Blossom. This little machine is owned by J. Cariker of Orange, and is said to be the fastest machine in Southern California, but the Indian men of Santa Ana have got one by the name of Chief "Little Four" that is some fast goer itself, and there should be a speedy race between these two machines for the leadership. Both are good for at least sixty miles an hour.

"Brid's" Harley, with "Curly" Thomas riding, should prove a big factor in the higher powered machines class, as it has been making fast time in practice spins at the local track.

There should be an afternoon of good lively sport at the local track, and it is likely that some records will be broken.

There will be plenty of machines and plenty of good riders in the events, so the public is assured of an afternoon of good sport.

## BASKET BALL ON AT HIGH SCHOOL

Senior-Sophomore Team Wins Yesterday's Game in Score of 14 to 8

The Senior-Sophomore and Junior-Freshmen teams played a close game in girls' basketball yesterday afternoon. A few fouls and some bad playing was in evidence on both teams, but they are rapidly improving. The Senior-Sophomores won the game by a score of 14 to 8.

The lineup follows:  
Sr.-Sophomores  
Arvilla Ball F  
Isabel Anderson F  
Hester Robinson G  
Anna Walker G  
Irene Jaques J.C.

Strictly speaking a "Journal" should be a daily publication, although the word no longer has that limited use. The case of "Journey" is exactly comparable. Even to Chaucer it still meant a day's progress, and in the fourteenth century it was possible to speak of one country as being "fifty-two journeys" distant from another, a "journey" being reckoned usually as twenty miles. But "Journey" calls up no suggestion whatever of a day now.

## ATHLETES TO PLAY POMONA

High School Will Rest Team for Game With Pasadena on Saturday, Nov. 16

The football game which was talked of between the Orange Athletic Club and the local high school team for tomorrow could not be arranged, and as a consequence the Athletic Club has signed up for a game with Pomona College to be played on the campus of that college tomorrow afternoon. The high school was unwilling to take on another game when the team suffered defeat last Saturday largely due to the fact that some of its men were injured. As there is a game a week from tomorrow with Pasadena High School, it was decided that the team should rest next Saturday so that it might be at its best when the men went up against Pasadena high.

The game tomorrow at Pomona has special interest to the local fans owing to the fact that several Santa Ana stars are on both teams, and also because it will help in giving a line on the strength of the two college teams which they are soon to meet. The game tomorrow is to be followed soon by two games with Occidental College. In these games the colleges are trying out new men and new plays which are to be used in the game between Occidental and Pomona. The Orange club has also arranged for a game with the Venice Elks, which will be played later. Of the four games arranged, the one with the Elks of Venice is the only one scheduled to be played at home.

Among the members of the athletic club team are the stars which were to have played with the Santa Ana team, but through lack of games were disorganized. Among these are Eddie Reeves, who will captain the team. He was considered the best quarterback among the high schools the last year he played, and this year was sought by the local colleges to enter and play with them. Reeves is not only a good player himself, but by his leadership gives his team the necessary confidence to win.

"Brick" Ground is to do the kicking for the team and will be played at tackle. "Brick" has been doing some wonderful kicking this year and has kept in practice by playing with the high school in their practice at night.

Royce Lantz, one of the local high school's fastest ends of last year, is scheduled for that position for tomorrow's game. An effort is being made to have Jack Newcomer play with the team Saturday. If that were possible the team would go up against the college team with a fast bunch of players who would undoubtedly make a very interesting game. All four of these players were picked for their regular positions for the All-Southern California high school team when they were attending high school.

Among the Orange players who will take part in the game, Watson is the only man whom the local fans have seen and approved. That was when he played the position of fullback with the Orange high school team when that school played second team of the local high school as a preliminary to the Escondido game. In that game he stood out prominently as the only good player in the team.

The team does not expect to win tomorrow from Pomona, but, owing to their lack of practice, will be satisfied with making a good showing. With more practice, however, it could put up a very good game. The Santa Ana players are planning on going to Pomona by auto. As there will be room for one or two fans in the machine, anyone wishing to go can call up Eddie Reeves and make arrangements.

Among the Pomona players who will take part in the game is Art Lutz, who is the captain of that team this year. He is playing a fine game and is a great strength to that team. Edwin McFadden is another Santa Ana player who will be in tomorrow's lineup for Pomona.

The lineup of the local team will be as follows:

F. Watson, right end; Shipkey, right tackle; Stewart, right guard; Reed, center; Handy, left guard and manager; Grouard, left tackle; E. Watson, left end; backs, E. Reeves, Farwell, Parker, Helwig, Lantz, Newcomer, Carpenter; Yorba, guard or center.

The team has new jerseys and stockings, and will present a natty appearance on the field. Willard Smith will referee the game.

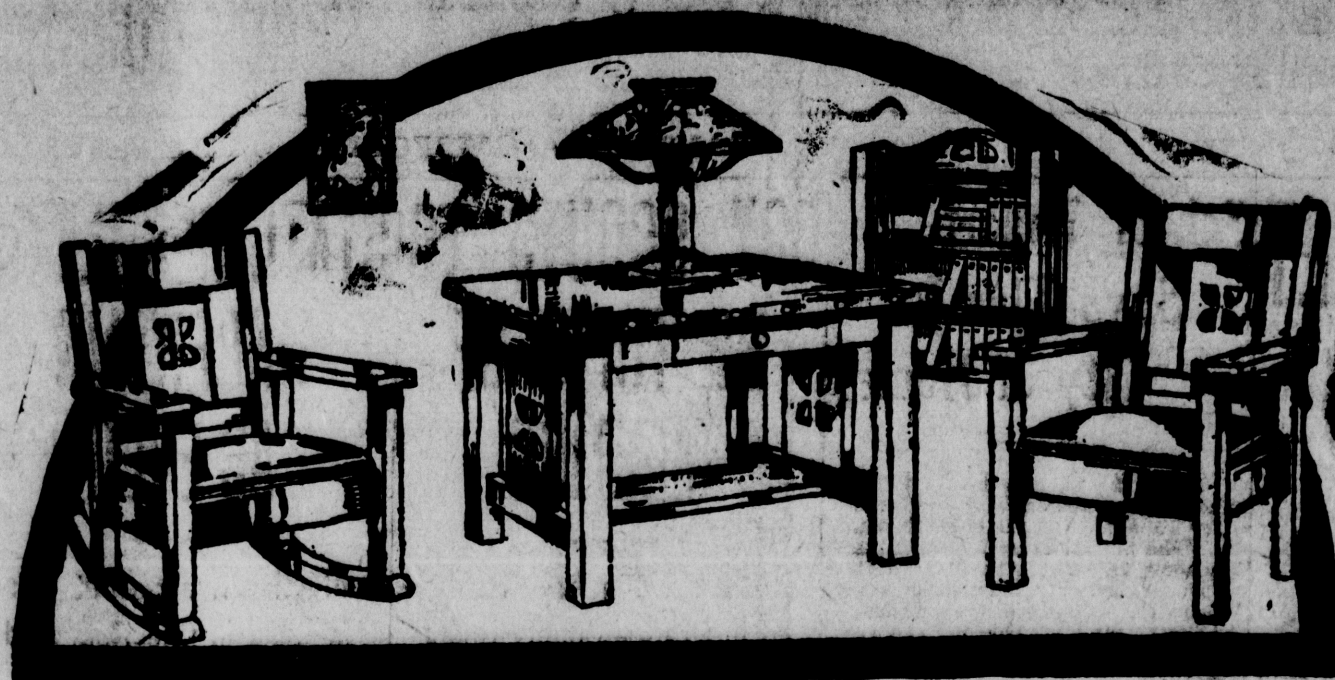

## PASADENA COACH DIGGINS IS "SORE"

Says Report After Santa Ana-Long Beach Game as to L. B. Lead is Incorrect

Coach Diggins of the Pasadena High School, says the Pasadena Daily News, is sore over a report circulated after the Santa Ana-Long Beach game last Saturday in which it was declared that Long Beach had won the Southern California interscholastic championship. Pasadena has not met either of the teams and it is because the locals

are being ignored that Diggins' ire has been aroused.

"Everyone is sidestepping Pasadena in figuring the dope on the championship," said Diggins yesterday. "They seem to forget that P. H. S. won the championship last year. We had a hard game with Santa Ana but did not have any trouble in beating Long Beach and I think we will repeat when we play them turkey day. Right now I want to rise up and announce that Pasadena High School is in the race, hasn't been defeated by a league team this season and unless my wires are crossed, it will win the championship honors again. That's all."

Pasadena plays San Diego High tomorrow and Diggins is confident his team will win.

## SHOWING HOW CROPS DOUBLE

Science Aiding the Farmer—  
Man Finds Life Work Among  
Foreigners

UNIVERSITY OF CALIFORNIA, Nov. 8.—A Fortunatus' purse is offered to the farmer if he will avail himself of the achievements and methods of the plant-breeders now at work in the government service and in the agricultural colleges. Science is showing the farmer ways to double the yield of his land, through the development of better seeds and plants. This story has just been narrated to the students of the University of California in three lectures by Dr. H. J. Webber, Professor of Plant Breeding in Cornell University. He told, as one example, how countless millions have been added to the national wealth by the development of the long-staple cotton plants now grown in the South. This development, because of Dr. Webber's work, of an improved cotton not only increased the farmer's prosperity but helped everyone else. An addition of a sixteenth of an inch to the length to which cotton grows adds two cents to its value. This new cotton had a fibre half an inch longer than what had previously been grown. A longer fibre means a stronger thread, and a stronger thread means a more durable cloth, so Dr. Webber's work meant direct benefit to everyone in the land who sleeps between cotton sheets or wears a garment of cotton. In an experimental cotton plot in South Carolina the discovery was made. Escorting a party of farmers one day, Dr. Webber bent down and pulled off a boll of cotton. He found the floss half as long again as in ordinary cotton. In the whole row, of 284 of supposedly the same plants, there was only this single individual with the invaluable variation. It took five years of breeding work to free the plant's descendants wholly from certain undesirable features intermixed but finally an ample supply of cotton seed was obtained that came true to the desired type. Now the larger part of the cotton acreage of the United States is planted with descendants of the single plant that Dr. Webber found and developed.

He told also of the development at Cornell of an improved timothy that yielded twice as much to the acre as the seed usually planted in New York. He described the development of corn that matured two weeks earlier than the varieties ordinarily used, and of successful efforts, by contests and prizes, to get the farmers to improving their seed by themselves experimenting and selecting. He told of the frost-resisting Japanese orange, the trifoliate, which his plant-breeding experiments have developed into valuable new forms. The fruit of one of these new forms yields more juice than a lemon of the same weight, a juice differing much from lemon juice but highly esteemed for culinary uses. He told also of how, by grafting, portions of citrus trees can be replaced with buds which grow into heavily-fruited limbs.

An interesting story of the making of good Americans out of illiterate foreigners was told in a lecture at the University of California by C. W. Blaupied, Immigration Secretary of the San Francisco Y. M. C. A.

While working in a factory Blaupied saw a foreman, angry at a foreign workman's inability to understand orders, hit the workman in the jaw and knock him off a platform upon a pile of bricks, to his grievous injury. When Blaupied remonstrated, the foreman expressed great surprise at his interest in a mere "Wop."

"If you want to help him out," said the foreman, "why don't you teach him to talk English?" Blaupied at that instant saw a lifework down before him. He set to work. He gathered together a group of Slavonians in a room a saloon-keeper put at his disposal and began to teach the men English. A friend, a college student, went with him one night to see what he was doing and was fired with enthusiasm. Blaupied turned over his Slavonians to the student, and got together a new group for himself. After two years work in Tacoma, he had a thousand foreigners studying English, and for teachers, sixty-four college students. These foreigners were learning not only English but civics, hygiene, good citizenship, better skill for their occupations, and fit notions as to how to become good Americans. And the college students were getting just as much as the foreigners, for they were learning about human nature, about how to deal with men, and acquiring the habit of social service, the habit of trying to make the world better through their own personal efforts.

Six weeks ago Blaupied came to San Francisco to organize a similar work there, in a great seaport city 72 per cent of whose inhabitants are either foreign born or else the children of foreign parents. Interest in social service work is keen among many of the students of the University of California. Already a number of them have joined with Blaupied to aid in this great work of helping the immigrant to become a valuable member of an American community, a work particularly important for California now that the Panama Canal is soon to pour floods of immigrants upon the Pacific Coast.

**Motion Pictures**  
The potency of the motion picture theatre in helping make foreign immigrants into good Americans was forcibly brought out in a lecture at the University of California by Rev. Herbert Jump of the First Congregational Church of Oakland. Here is drama, here representations of American home life, which require no knowledge of English for comprehension. He declared it his opinion that the motion picture theatre is a great positive force for happiness, education, and moral uplift. The censorship system which prevails he believes safeguards thoroughly the character of the films shown by the regularly established motion picture theatres. One twenty-third of all the people in the country visit a motion picture the-

## WESTMINSTER NEWS BUDGET

WESTMINSTER, Nov. 8.—Mr. J. F. Tiffany, traveling auditor for the Wells Fargo Express Company from the general office in San Francisco, was in town on Saturday on business with the local agent.

H. Rutter, who has been working at his trade in Long Beach, spent last week with his family here.

Miss Ruth, Walter and Lawrence Raymond of Santa Ana, spent Saturday with friends in town.

Mrs. George Murdock entertained the young married folks of the Presbyterian church with an oyster supper one evening last week.

Mr. Shaw and F. M. Watson, who have been quite sick for a week, are both improving.

Lloyd and Reuben Edwards are the proud owners of a new overland auto.

Mrs. W. Wardel and son, Gilbert, returned Saturday from a week's stay in Los Angeles.

Mr. and Mrs. Orel Hare spent Saturday in Los Angeles.

Orel Hare, agent for the Overland auto, sold three machines last week.

Harry Watson of Los Angeles is visiting his parents for a few days.

Mr. and Mrs. Norman Thornton of Long Beach, have moved into the Morrill cottage.

Mr. and Mrs. Morrill of Garden Grove spent several days in town with friends this week.

Hallowe'en was a hilarious time with the boys. Everything movable was upset or moved to new quarters.

A social by the Endeavorers of the Presbyterian church at George Murdock's was an enjoyable occasion.

About eighty were present. Fortune telling and games, with music, filled the evening. Refreshments of pumpkin pie, doughnuts and coffee were served.

The Methodists gave a social at the I. O. O. F. banquet room which was a very enjoyable affair. Hallowe'en games were played. Decorations of Jack-o-lanterns, bats, witches, corn-stalks and skull and cross bones, made the place uncanny. Refreshments of pumpkin pie, doughnuts and coffee were served. About eighty were present.

A farewell party was given the J. Fogle family by the members of the Methodist church on Wednesday evening at the league room. The family are moving to Santa Barbara county.

Earl and Lee leave on Thursday and the others in about a week.

Mrs. J. F. Patterson left on Tuesday for San Francisco for a week's visit. She accompanied her sister-in-law, Mrs. W. Patterson, of Los Angeles. They went on the steamer Yale.

G. W. Ragan and wife of Los Angeles, have rented the hotel and will move in at once.

R. McClintock of Los Angeles, was in town on Wednesday.

A large gasoline traction engine was unloaded at the depot by C. W. Moore. It will be used to break up about 200 acres of the Bixby Helman tract, west of town.

atre each day. The films put out by the large companies are seen by twenty to thirty million people before they are discarded. The anti-fly, pure milk, anti-drunkness, and social justice films issued are the most powerful preaching done in the country. In overwhelming majority the film dramas make goodness and kindness, virtue and courage, seem admirable, and instill optimism, good cheer, and right behavior.

**Diarrhoea in Little Pigs.**  
The cause of this trouble is usually an abrupt change of feed, either of the mother or of the pigs. An exclusive diet of alfalfa is responsible for some of the intestinal irritation, shown by a watery green diarrhoea appearing a few days after feeding upon alfalfa. Most animals recover after several days purging, but succumb from weakness. Another source of the trouble is dirty, unsanitary sur-

roundings with stagnant water for drinking purposes. Treatment naturally should consist of a change of the conditions so far as possible. A change of feed should be given gradually, and in alfalfa feeding a little grain is indicated until the little pigs become accustomed to the alfalfa ration.

## GOOD FOR ORANGE COUNTY

Riverside Press: The Press extends congratulations to Orange county on having voted \$1,270,000 bonds for a county system of highways. The majority in favor of the bonds was large and the county has reason to be proud of its success in this registering its approval of a proposition that means so much for the development of all parts of the county.

Riverside is especially interested in the result in two ways—we shall benefit from the roads, and the example set is a most encouraging one to the good roads boosters in this county.

The highways planned include a good road up through the Santa Ana canyon to the Riverside county line and macadam road to Newport, Huntington Beach and Laguna; and these improvements will facilitate travel by auto and team to the Orange county coast resorts, which are especially popular with Riverside people. No other interior county is as well represented as Riverside in investments and summer homes at Laguna, Newport and Huntington Beach, and better roads to those resorts will mean increased popularity for them. The state highway system through Orange county, and the Orange county system as planned will furnish the connecting link between the roads of Riverside county and San Diego. This will tend to stimulate travel by auto to San Diego by the coast route.

In the near future it is going to be up to Riverside county to start in on a bond campaign for good roads, and the success of the movement in Orange county will greatly encourage us here.

## HOW EVANS WAS DEFEATED

Riverside Press: The defeat of S. C. Evans for congress is a real calamity to the district. The election of Kettner was accomplished by one of the most unfair and malicious campaigns in San Diego county that have ever been waged in this state. Only those who have been in touch with the situation there know the tremendous pressure brought to bear by powerful interests to line up the vote for a San Diego man. If a merchant had the courage to put an Evans card in his window, he was waited on and threatened with a boycott that would ruin his trade; and if a man who owed money at a bank was suspected of sympathy with Evans, he was forced to support Kettner by threats of financial trouble. Those are illustrations of the despicable methods used to browbeat and force people into the Kettner camp.

Riverside county gave Evans a splendid endorsement and he has reason to be proud of the vote in his home county.

It is the biggest sort of a political blunder to send a Democrat to congress from this fruit growing district, and on personal grounds Mr. Evans is far better qualified to represent the district than is Mr. Kettner. The defeat of the better man has been accomplished by a conspiracy in San Diego that will not soon be forgotten by the rest of the district.

## WHAT'S WORTH WHILE IN CHILDHOOD?

Esther Cleveland, daughter of the late Grover Cleveland, is to enter society now at the age of 19, says a Washington dispatch. Rather a contrast, is it not, to so many of our young folks who become accomplished social queens before they are out of short clothes.

To some people it is a charming sight to see a pack of twelve-year-olds arrayed in the monkey clothes of the grown-ups, the boys in starched, sawed-off little dress suits, the girls in their frilly and ruffy ball gowns. Other people have a longing to take them out into the back yard, and roll them in the dirt. Probably the youngsters would enjoy it quite as well.

Are there any hobbler skinned high school girls who today are guilty of doll playing? Or are they too full of their courtly love affairs, or too engrossed by the etiquette problems suggested by the formal afternoon call, to give thought to such infantile trifles?

The tradition is handed down that it was once customary for young folks in their early teens to go to bed at from nine to ten o'clock. Now the freshmen are much more apt to have a night key than prosy Dad.

Far be it from this newspaper to suggest that young folks should not have a good time. That is not the point. The point is whether they shall get all the joys of childhood while they

are still children. There will be only one time in their lives when they can get out with the boys and their jack-o-lanterns Halloween. There will be many years for them to prance about the slippery dance floor in their glad clothes. Yes, the time will come when the evening lamp and the newspaper with the kinky paragraphs will look better than 15 miles around the ballroom while the band plays bunny-buggy tunes.

Into some such train of thought was the editor led by recent observations in a Middle-West university town and the thought was renewed by the announcement of Miss Cleveland's debut. She has played the game of childhood and got all there was out of it, like a sensible girl. Now may all the romance and star-shine of youth be hers!

## Peculiar Trees

Certain tropical trees furnish clothes as well as food, and the inner bark of others is smooth and flexible enough to serve as writing paper. The bread tree has a solid fruit, a little larger than a coconut, which, when cut in slices and cooked, tastes like bread. The weeping tree of the Canary Islands is wet, even in a drouth, constantly distilling water from its leaves. A kind of ash, in Sicily, has a sap which hardens into crude sugar, and is used as such by the natives without any refining.

The product of the wax tree of the Andes resembles bumble bees' wax very closely. Then, there is the butter tree of Africa, which produces as much as 100 pounds at once, only to be renewed in a few months. This secretion, when hardened and salted, is difficult to be distinguished from fresh, sweet butter. Closely rivaling this is the milk tree of South Africa, the sap of which resembles rich cow's milk, and is used as such by the natives. China can boast of a soap tree, the bark of which, when used as soap, removes dirt and grease readily.—St. Paul Pioneer Press.

## Pumpkins for Hogs and Cows.

It is surprising that more pumpkins are not fed to pigs and cows which have access to alfalfa pasture in the fall. For brood sows and shoats, and even for fattening hogs, a ration of pumpkins will give good results. It has been found that raw pumpkins will give as good results as though they were cooked. If cooked and some grain sprinkled over them hogs will eat more of them, which is the only advantage. In feeding cows the seeds should be removed if fed in large quantities, for the seeds, if fed in considerable quantity, will interfere with the digestion and cause a decrease in the milk flow.

## Our Washington Letter

WASHINGTON, Nov. 8.—The squirrels in the White House grounds are getting so tame that persons having business in that part of Washington are expecting to see them do most anything that any well domesticated animal might do. They run across the President's front porch whenever they feel like it, paying no attention to the policemen there, burrow around the President's garmeniums, play with each other about the drives, feed out of the hands of well disposed persons, and on the whole seem to enjoy life much more than any other living thing in the vicinity.

Their latest stunt is to climb the iron electric light poles and sit on top of the glass globes. To date no report has come in of their turning on the lights. Recently a big fat squirrel got on top of an electric light pole and made a great noise as if in distress. A group of onlookers made bets as to what was the trouble. Some suggestions were made for helping Mr. Squirrel out of his supposed predicament. Just when sympathy was running highest the squirrel jumped from the pole five or six feet to the branch of a nearby tree and vanished.

White House officials pay little attention to the squirrels. They are fed mostly by visitors.

Tea Room for Lady Treasury Clerks Secretary of the Treasury MacVeagh's new tea room in the treasury, especially designed to accommodate the women clerks in that department who desire to brew their own tea during the lunch hour, has met with a mixed fate. Formerly the women were allowed to brew their own tea in their own offices, but Surgeon General Blue found that this was not sanitary, and got the Secretary to discontinue it. The room is equipped with hot water and lockers for the tea pots. It is open for 33 minutes each day and there is no ban on gossiping.

Whether the women didn't like the great amount of publicity that was given the room or whether unofficial tea drinking is doomed to failure, cannot be determined, but the fact remains that the tea room isn't popular.

ular. Secretary MacVeagh will give the plan a good trial and if it meets with no more success than at present, will probably close the room up and devote it to other purposes.

Wireless "Ocean Letter" The "Ocean Letter," a new delayed wireless telegraph service, is the latest thing, since Cyrus Field laid the first trans-Atlantic cable, in speedy communication between the two continents. Consul General A. M. Thackara, at Berlin, in a report to the State Department describes the new system which has been inaugurated by the Telefunken Wireless Telegraph Company. The method is as follows:

An outbound traveler on a German vessel, wishing to communicate with friends or business connections at home, writes a letter of 30 words or more, which is transmitted by wireless from a vessel on which the traveler is to the nearest homeward-bound German vessel, where it is reduced to writing, placed in an envelope and mailed when the vessel first reaches port.

The service was first tried on the steamers of the Hamburg-American line plying to and from South America. The charge is \$1.19 for the first thirty words, and two and one-half cents for each additional word. There is a further charge of 12 cents for postage and conveyance.

An Obliging Policeman There's a good looking policeman on duty at the White House who is very popular with newly married couples. The cause of his popularity is as follows: Most of the couples come armed with kodaks and cameras and snapshot everything in the grounds, from the fountains to the immaculate columns that adorn front and rear of the executive mansion. It generally occurs to the bridegroom to get a snapshot of the bride directly in front of the mansion. When this is done the policeman is hurriedly summoned in as a background. Inasmuch as it relieves the monotony of patrol duty he never fails to respond, and how could a good looking policeman neglect to display gallantry when a good looking bride wishes it?

When the young couples go home they generally send the policeman a photograph. This policeman has received such pictures from all over the country.

Tama Jim's "Mum" Show Residents of the national capital every fall enjoy a rare treat at the hands of the Department of Agriculture, when the well known chrysanthemum show is opened to the public. The annual chrysanthemum exhibition which has just closed has attracted flower lovers and botanists from afar and incidentally produced several new types of this flower. The stellar exhibit this year was the "Christy Mathewson," a huge white bulb of beauty. It is a recent creation of A. D. Smith, of Adrian, Mich. The "Manhattan" and the "Roman Gold" are wonderful blooms of delicate pink and rich yellow, respectively. There were over 160 varieties of large blooms on exhibition and 140 smaller ones, the latter known as the outdoor variety.

An innovation at the "mum" show this year was the introduction of every variety of carnations.

## 24,000 NAMES ON RECALL PETITION

SEATTLE, Nov. 8.—A petition calling for the recall of Mayor George F. Cotterill, containing nearly 24,000 names, was filed in the comptroller's office yesterday. Circulation of the recall petition was begun a few days after Mayor Cotterill took office last spring.

It is alleged in the petition that Mayor Cotterill is incompetent and unfit, that he has shown himself lacking in executive ability and moral courage, that he suffers certain persons and certain institutions to interfere in police matters, that he has failed and refused, apparently because of his obligations to certain clerical politicians and certain Socialist agitators, to protect citizens of Seattle in their constitutional rights, and to enforce proper respect for the American flag.

## SUCCESSFUL MEETING

Debate at P.-T. Gathering Was Fine; High School Faculty Made Real Hit

The Parent-Teachers' Association of the High school held a very interesting meeting yesterday afternoon in the main building. A large number of the parents were present. Mrs. Z. B. West, president of the association, presided. The regular business program opened with a debate as follows: "Resolved, That the Pupils of the High School Would Appreciate a Visit From Their Parents." Mr. W. M. Clayton and Miss Joella Gowdy had the affirmative side of the question, and Mrs. W. G. Gould and Mrs. John Swanner the negative. Mr. Clayton and Miss Gowdy held that it was the proper and right thing to visit the high school and that the teachers would give parents a cordial welcome. It was their duty to see how the children were doing and also it would be an encouragement to the teacher.

The negative brought out the humorous side of the question and argued that from the pupils' standpoint they did not wish their parents to visit the schools after they entered high school; that they felt capable of taking care of themselves.

At the close of the debate the high school faculty made a great hit by filling in and singing "Why Don't the Parents Visit the School?" They were heartily encouraged but refused to respond. A number of questions were read from the Question Box but owing to the lateness of the hour, they were not answered.

The committee in charge included Miss Wyant, Mr. Phillips and Mrs. Hutchins, who served delicious fruit and water. The committee for next month is Mrs. J. N. Anderson, Principal McMath and Mrs. George S. Smith.

## Double Birthday Event.

Mrs. Chas. Taylor on Tuesday entertained with a noon dinner in honor of her grandmother, Mrs. Butcher, and her mother-in-law, Mrs. Taylor, the birthdays of both being celebrated.

Birthday candles illuminated the dining room and the table was decorated with autumn leaves and Virginia creeper. A basket of fruits, garnished with autumn leaves, adorned the center of the table. Covers were laid for Mrs. M. D. Butcher, Mrs. Taylor, Sr., Mrs. M. Phillips and her mother, Mrs. Tomlinson; Mrs. Collins of Iowa, Mrs. Frank L. Worden, Mrs. Cora Cavins, Mrs. Menges, Miss Cora Taylor.

## W. R. C. IS GRATEFUL

Expresses Thanks for Aid in Big Success of "The Old Maids' Convention"

The ladies of the W. R. C. had a happy session yesterday. It was a business session, and after the initiation of Mary J. Corlin and balloting on three applications for membership, the important event of the day, the reading of the treasurer's report, took place. It made pleasant reading for it showed that the treasury balance had been greatly expanded by receipts from "The Old Maids' Convention" given at the Temple Theater this week. In the words of one of the members "the corps piggy was given another good meal."

It was with regret that the Corps heard the report that Mrs. Mary Dunning of Los Angeles, president of the "Penny Club," is very ill. Of local sick calls, thirty-three were reported as having been made in the last three weeks.

Mrs. Anna Noyes of San Diego, a member of the "Hinselman" Corps of that city, was present as a visitor and gave a few pleasant remarks. Following these and the completion of business, a standing vote of thanks was taken as an evidence of gratitude to those who so willingly aided in producing "The Old Maids' Convention," including Mrs. Della Bishop, Mr. and Mrs. H. Clay Kellogg as stage managers; Mrs. Roberts, Mrs. Katherine Fisher as ushers, and Mrs. Ella Wilson and staff consisting of the following who took the parts of the "old maids": Della Bishop, Emma Smith, Ida Deck, Belle Alderman, Rachel Henney, Mary Squire, Jeanette McGill, Viola Fippis, Lizzie Mills, Matilda Dearing, Cassie Ferguson, Katherine Glenn, Hattie Harlin, Sarah Ostott, Lydia Scammon, Nellie King, Ellen Reeves, Retta Campbell, Ella Lash, Marcella Bonney, Clara Wedgewood.

The W. R. C. further extends thanks to any other who in any way assisted in the recent gratifying success.

## Woman's Socialist Union

The meeting held yesterday afternoon by the Woman's Socialist Union at K. of P. hall was an animated one. Mrs. Leah Wright of Orange read a paper, by request, on "Mr. Roosevelt and Social Justice." Mrs. Wright is a deep thinker and well versed in economics and is one of the union's most earnest members. This paper of Mrs. Wright's was published November 2, in the editorial columns of the Orange Daily News.

Yesterday's election was a spirited one and resulted in the election of the following officers:

Mrs. Minnie M. Wilson, president.  
Miss Olive L. Edgerton, recording secretary.

Mrs. Josie Davis, corresponding secretary.

Mrs. Margaret Day Taylor, treasurer.

The next meeting, November 21, will be devoted to a social time. The union extends an invitation to all women who wish to make Santa Ana a good city to live in to meet with its members.

## Aryans Enthusiastic

The Aryans had an enthusiastic meeting last night with a large attendance. This new society, lately organized, is developing strength along every line and is expected to be one of the best fraternal orders in the city. It already has a membership of nearly 200. E. N. Peckham, treasurer, last night tendered his resignation on account of expecting to leave Santa Ana, and Chas. S. Shaw was elected to fill the office.

The officers of the Ancient and Mystic Aryans, as this order is known, are as follows:

Prince of the East—Henry Baade.  
Prince of the West—W. E. Bridwell.  
Prince of the South—Roy Vincent.  
Keeper of Book of Light—O. C. Overman.

Secretary—W. Gordon Gould.  
Treasurer—Chas. A. Shaw.

She is anticipating a happy time as six or seven other girls who attended Redlands University last year, but for one reason or another are not there this year, have planned to join her and the resident girls in this visit. When they arrive they will constitute quite a house party.

## Chapter Entertainment

Hermosa Chapter O. E. S. will give an entertainment next Monday evening at Masonic Temple at which an excellent program of music and readings will be rendered to which the public is cordially invited.

Following the entertainment the audience will adjourn to the parlors where refreshments will be played. Light refreshments will also be served. No admission will be charged but a silver offering will be taken, covering the entire evening's entertainment.

## Personals

Mrs. Russell Scott and Mrs. R. R. Shafer went to Los Angeles this morning. They anticipated seeing Ethel Barrymore in "A Twelve Pound Look" this afternoon.

Mrs. Shirley Jenkins of San Diego is spending a few days with her mother, Mrs. R. M. Wallace, of Parton street.

Mrs. Ella Parker and Mrs. J. P. Hatzfeld went to Los Angeles this morning. Mrs. Hatzfeld expects to return this afternoon, while Mrs. Parker will remain for a few days' visit with relatives.

Mrs. L. D. Lankin and Miss Electa Lankin, who have been visiting at the H. E. Herd home for the past week, returned to Pasadena this morning. They are Mrs. Herd's mother and sister.

Miss Eula E. Tryout is spending the weekend with her sister, Miss Lena Tryout, at U.S.C.

Among the Los Angeles visitors for the day were Mrs. Fred Case, Mrs. J. C. Metzgar, Mrs. C. V. Davis, Mrs. English and Mrs. A. D. Bishop.

Mrs. Mary Martin, Mrs. Mollie Hardel and daughter, Miss Esther, arrived here Tuesday from Oshkosh, Wis. They are the guests of Mr. and Mrs. Henry Reuter, 117 East Fifth street. The first of these ladies is Mrs. Reuter's mother, and the latter is her cousin.

Mr. and Mrs. Wm. W. Taylor and their daughter, Miss Allie Hallett Taylor, have disposed of their residence at 114 Spruozon street and will move tomorrow to 1202 North Broadway where they expect to reside permanently. Mr. Taylor has taken a position as engineer in the Santa Ana city water works, so the Taylors feel quite settled here.

Hermosa Chapter O. E. S. cordially invites Masons and their friends to an entertainment and social good time at Masonic Temple Monday evening, Nov. 11. Light refreshments are included. A silver offering will be taken.

## Flagged Train With Shirt

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at all druggists.—Advertisement.

## HIGH SCHOOL NOTES

(By CHAUNCEY POND)

That Santa Ana is a city of homes is attested by the figures for the attendance in the city schools. The first monthly report of the schools of Santa Ana for 1912-13 gives 2375 as the number in attendance, 598 of these being in the high school. The average daily attendance has been 2141. Last year the total number of children in school for the first month, was 2105.

Architect Whitney was down from Los Angeles Tuesday afternoon with some of the plans for the new Polytechnic High School. The heads of the various school departments met in consultation with the architect and were well pleased with the revisions which he has made. The plans are being rushed and are rapidly nearing completion.

Tonight in the banquet room of the First M. E. church the W. C. T. U. entertains the teachers of the city schools at the annual banquet given in their honor by that organization.

Last Friday evening the Senior class was most enjoyably entertained at the home of Miss Helen Wells on East Chestnut street. The guests were met at the door by an old witch who compelled each one to jump over her broomstick. A certain scientist, who was very dignified, lost both his dignity and balance in doing this "stunt." It is suspected that the witch was the young one who in daily life comes to the classroom door and says: "Telephone for Johnnie Jones."

Large jack-o-lanterns served for illumination. Fortune telling, music, progressive conversation on Halloween subjects, and the telling of ghost stories by Miss Wyant and Mr. Ratcliffe, formed the principal amusements. Delicious refreshments of fruit-ade, ginger bread, apples and candy were served by four ghosts. About sixty enjoyed Miss Wells' hospitality.

The freshmen reception has been postponed until November 22. This change has been made necessary on account of conflicts with other meetings.

Well, Roosevelt carried the election. Where? At the high school. Tuesday. The election was carried on in the same way that the regular elections are managed; the ordinary booths and the regulation ballots were used; the specified officials presided. The returns gave Roosevelt 137, Wilson 95, Debs 8 and Chafin 7.

Sophie Hardy and Selwyn Sharp, who will represent Santa Ana in the county league debate with Anaheim November 15, are practicing two periods every day under the coaching of Principal McMath. The question for debate is "Resolved, That the United States Should Accede to England's Proposal to Submit to The Hague Courts the Question of Free Tolls for American Ships Passing Through the Panama Canal." The team argues both sides of the question, one each day, against teams picked from the English classes. The extemporaneous system being used, it is necessary that both sides of the question be prepared.

An interesting Parent-Teachers' meeting was held last evening in the high school building. The best numbers on the program were the song by the faculty and the debate. That pathetic little ballad entitled, "Why Don't You Visit School?" was very touchingly rendered by about fifteen of the faculty.

Mr. Clayton and Miss Gowdy of the

high school for the affirmative and Mrs. Gould and Mrs. Swanner for the negative debated the question, "Resolved, The Students Would Appreciate the Visits of the Parents at the School." The negative brought forward three strong points to prove its side: First, it is unusual for parents to visit school and the students don't want their parents to do unusual things; second, if a student's parent comes to school the other students will think that student is in trouble, and third, the testimony of students show that the parents are not desired at school. The most delicious punch was served at the close of the meeting.

The principals of the various high schools of the county will meet tomorrow afternoon in the superintendent's room in the high school for the purpose of arranging the program for the high school section of the county institute which is to be held in December.

The Senior-Sophomore team defeated the Junior-Freshmen team in basketball yesterday in a score of 14 to 8. The lineup is given elsewhere in the athletic department of the Register today.

## COUNTY Y.M.C.A. MEN BANQUET

75 Workers Joined in Second  
Annual Dinner on Last  
Wednesday Night

Wednesday evening about seventy-five Y.M.C.A. workers of the county sat down to dinner together in the United Presbyterian church in Santa Ana, the occasion being the second annual dinner of the Orange county Young Men's Christian Associations. The dinner was served by a committee of ladies consisting of Mesdames Cox, Cowan, E. H. Smith, Miller, Kellogg, Foutts, Lindsey, Finley, Eisle and F. L. Andrews.

The following acted as waiters: Stewart Smith, Donald Andrews, David Anderson, Paul Anderson, Will Warren, Carson Smith, Wendell Stevenson, Lowell Stevenson and Frank Cook. After the dinner was served, Mr. Geo. B. Key, chairman of the county committee of the Y.M.C.A., introduced as toastmaster Mr. Chas. Robinson, president of the Y.M.C.A. of Santa Ana. After this followed two-minute messages from the various places of the county represented at the dinner. Mr. L. O. Culp spoke for Anaheim, Dr. M. M. Henderson for Fullerton, P. M. German for Garden Grove, Fred Bates for Orange, O. W. Lillie for Placentia, Eugene Griset and Rev. Wm. Burtcher for Old Newport, Chas. Robinson for Santa Ana, A. E. Bennett for Tustin, and Leland Thurston for Villa Park.

Among the remarks made during these speeches were the following: "The Triangle League has been very successful in our school. It has done a work that the Sunday school has found difficult. I have seen the good results of the Y.M.C.A. work in the lives of the boys who have been at the summer camp. It has benefited them very much. I am heartily in favor of the Y.M.C.A. work."

After this followed a one-minute open parliament on the topics, "Why I Believe in the Y.M.C.A.," and "Good the Y.M.C.A. Has Done."

Mr. R. P. Mitchell, county superintendent of schools, spoke on "Co-operation Between the Y.M.C.A. and the Schools."

Geo. B. Key told of the beginning of the work and some of the progress made.

R. J. Hamilton, county secretary, told of some plans for the year's work, among them being Bible classes, Sunday meetings, students' bands for evangelical work, winter camp, oratorical contests, campaign of education in sex hygiene, promotion of the Boy Scout work, stereopticon lectures on travels, study into the situation morally and physically in the moving picture hall, as well as other plans.

W. D. McRae told of the progress of the work in other counties and L. E. Jones told of the financial progress of the work. About \$700 remains to be raised on this year's budget, but everyone seems to be interested in the progress of the work and willing to help.

The meeting closed with the singing of "Old Hundred," led by Rev. Mr. Samson, and the benediction by Rev. Mr. Stevens.

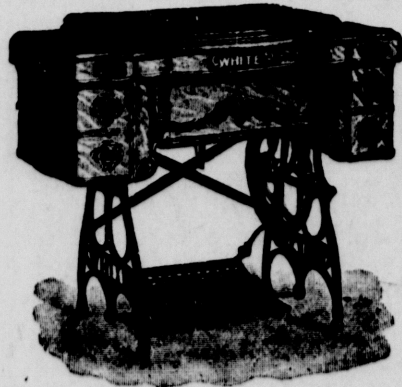

### IN THE JUSTICE COURT

#### Suspicious Pair

Deputy Sheriff Squires was summoned to Irvine station yesterday afternoon by the keeper of the store there, who had been rendered suspicious by the actions of two young fellows who had been loafing around the station all the forenoon. Squires brought the two to the county jail, where they gave their names as John Adams, 17, and Ralph Stumford, 22. They claim to have relatives in San Diego, but could give no satisfactory account of themselves. They will be held pending investigation.

## KETTNER EXPRESSES THANKS TO DISTRICT

Promises to Work at all Times  
for Interests of Every  
Section

H. C. Head, chairman of the Orange County Democratic Committee, has received from William Kettner of San Diego, Congressman-elect from this district, the following telegram, which is self-explanatory:

"Will you accept my sincere thanks for the good help you have given me and publish this little card of thanks to the people. I wish to express in all sincerity and with all my heart, my thanks for the work which my friends all over the Eleventh Congressional district have done for me in this campaign. The almost overwhelming odds against me at the start, as shown by the registration figures, show what this service was."

"I believe that I have demonstrated in this campaign my ability to 'rustle,' and I want to assure the people of the district—all the people in every section of it, that I will use the same energy in working for their interests. Again expressing my heartfelt thanks, and the assurance that I will at all times do my utmost to merit the confidence placed in me, I am,

"WILLIAM KETTNER."

**RIVERSIDE SEEKS WATER BONDS**  
RIVERSIDE, Nov. 8.—The proposed bond issue of \$1,100,000 for the purchase of the city water systems will be voted on December 17. An ordinance calling the election was introduced at the city council meeting yesterday. The bonds are to carry 4½ per cent interest.

#### The Sad Case of Jane Hobbs.

Not so long ago a Lancashire road breaker sold his wife to another man and thought the transaction was perfectly legal because he had placed a halter round her neck, the end of which he put in the hand of the purchaser after the money had been paid. This belief rises from the custom of olden days, when wives were actually led into the market place with halters round their necks and sold to the best purchaser. It was this custom which led to the humorous ditty which runs: "A jolly shoemaker, John Hobbs, he married Jane Carter, no damsel, no smarter, but she was a tartar, Jane Hobbs. So he tied a rope to her Jane Hobbs, and like a lamb to the slaughter to Smithfield he brought her; but nobody bought her, Jane Hobbs. 'Oh, who wants a wife?' cried Hobbs; but somehow they tell us those wife trading fellows were all of them sellers, like Hobbs."—London Spectator.

—Not a trust, not a monopoly. The Home Telephone Company.

#### Too Fast.

"I don't believe in forcing schools for children," said Governor Woodrow Wilson at a dinner in Trenton. "A child that knows at four as much as ordinarily it would know at eight is, to my mind, about as tasteful an object as Calhoun Clay's watch."

"That's a fine watch you've got there, Calhoun," said a friend. "Is it a good goer?"

"A good goer," said Calhoun Clay. "Well, you bet your life it's a good goer. Why, it can do an hour in half the time!"

A log of wood and a roll of paper are placed in a new match-making machine, and when human hands next touch the material it is all bound up in packages containing one gross of boxes of matches, ready for the consumer. The machine has been patented by a Norwegian match company.

#### Novel Boudoir Clock.

Among curious clock novelties is the shadow boudoir clock. With it there is no need of getting up to strike a light or turn on the bulb. All that is necessary is to touch a button and the time is flashed on the wall, after the same fashion that signs are flashed on the sidewalk. When the owner of the clock retires he turns a night dial to the ceiling and when he presses a bulb the electric light reflects from the dial through the lens and appears, giving the correct time in shadow on the ceiling.

## J. N. ANDERSON APPRECIATIVE

Pledges Best Services in State  
Legislature for Splendid  
Vote of Confidence

The following letter from John N. Anderson, senator-elect from the 39th senatorial district, including Orange, Riverside and Imperial counties, explains itself. Mr. Anderson made a clean, able fight, free from personalities, and will go into the legislature with the good wishes of his constituents:

Editor Santa Ana Register, Santa Ana, California.

Dear Sir: It is with a feeling of much appreciation that I return my thanks to the voters of Orange County who participated in putting me at the head of the ticket with a majority of about 1200, a much larger majority than I had anticipated, particularly the last couple of weeks preceding the election. My majority in my home city being about 100 above that of the next highest candidate is very gratifying and I must take it as a personal tribute from my fellow citizens.

My carrying all three counties of the district, obtaining a majority of about 4100, which is about 700 more than I received eight years ago, is also very gratifying, and I keenly feel the responsibility of the confidence reposed in me and sincerely trust that my labors in the State Legislature may prove worthy of that confidence and that by reason of my past experience my future efforts may be more useful to the district and state than I was able to make them during my former term of office.

While I am not unmindful of the effective energy of our precinct committeemen and other ardent workers in our cause, I desire to make special mention of the faithful and very effective services of the chairman and secretary respectively of our Republican County Central Committee, and on my own behalf tender them my sincere thanks. The Progressive Republicans of this county and of the whole state are much indebted to these gentlemen for their services, as also your esteemed paper for its unselfish, consistent and persistent support of the progressive cause, such support being all the more worthy of commendation that the Register is the only progressive paper in the county.

Sincerely yours,  
JOHN N. ANDERSON.

## Alfalfa in Ohio.

Alfalfa as a farm crop in Ohio has risen during recent years from a position of doubtful advantage to one of recognized value; though its utilization is by no means as extensive as its merits would warrant.

In order to obtain more definite knowledge respecting the actual experience of farmers with alfalfa, the Ohio experiment station, at Wooster, has made a state-wide survey of this crop, and the information thus obtained has been brought together in circular 113, and which describes the practice of farmers in all parts of the state who are successfully growing alfalfa.

## Serious Mistake.

Don't make the mistake of thinking that any dirty thing is good enough for the hog just because he has the reputation of being a dirt-loving animal. No doubt this common mistake has caused more disease among hogs than any other one thing.

## JACK JOHNSON IS INDICTED BY JURY

Arrested for "White Slavery,"  
Handcuffed for Trip to Jail,  
Mother Saves Him

CHICAGO, Nov. 8.—Jack Johnson, the negro prize fighter, was indicted yesterday by the Federal grand jury on a charge of "white slavery," in violation of the Mann act.

The indictment, containing four counts, accused Johnson of having caused the transportation of Belle Schreiber, a white woman, known as "Mrs. Jack Johnson," from Pittsburgh to Chicago on August 10, 1910.

Arrested last evening too late to give bail in court, Johnson had been handcuffed and was about to be taken to the county jail for the night, when his mother, Mrs. Tiny Johnson, interceded by telephone offering to give her house, 3344 Wabash avenue, as security for her son's release. This is the house Johnson bought for his mother shortly after his victory over Tommy Burns in Australia—the fight that brought the world's pugilist title. Johnson wept when his mother's offer became known.

Jack Johnson, the negro pugilist, wept when he was arraigned before Federal Judge Landis to have the \$30,000 bonds furnished by his mother in the "white slavery" case, approved. When handcuffs were snapped on his wrists he said: "I'm not going to run away. Don't do that. You ought to know better."

"You seem sorry yourself," said the jailer. Johnson remained in jail several hours before he was released.

## WELLS FARGO'S RICH PICKING

California Traffic for 2 Months  
More Than Equaled Entire  
Investment in State

SAN FRANCISCO, Nov. 8.—Testimony brought out by the State Railroad Commission in its investigation of express rates, on which it was engaged yesterday, showed that the Wells Fargo Company, on an investment in California of \$1,116,167, received in two average months—June and July, 1911—a gross revenue of \$1,453,345, which would amount to \$3,720,000 for twelve months, or a little less than 800 per cent on the capital outstanding.

These figures developed from a report made by F. R. La Shell, the commission's rate expert, and were not contradicted by C. R. Graham, the company's traffic manager.

Other statements made by La Shell are that California rates are from 200 to 400 per cent higher than for corresponding distances in states where State commissions have fixed the rates.

That small shippers pay disproportionate charges.

That the company routes packages by circuitous routes, charging the shipper for the unnecessary distance.

"Is it not a fact?" asked Commissioner Eshelman of Manager Graham, "that small packages pay a disproportionate share of the total amount paid to the express company for transporting packages?"

"The charge on smaller packages is proportionately higher because of our rates," answered Graham.

"The theory is," he continued, "that the rate increases as the weight decreases. I don't think the Interstate Commerce Commission's system of freight rates will work, as applied to the express companies. Any system of rates must be based on the character of the business."

Bathroom Stand.  
A low stool with broad seat, most convenient for drying the feet, for putting on shoes and stockings, or pedicuring, is given a touch by one housekeeper that makes it effective and sanitary. The cushion, indeed, most of the framework, is covered with a neatly fitted slip, with square top and sides, made of thick white Turkish toweling.

Several of the covers are owned; so they can be frequently changed; usually a fresh one is put on each morning.

## Worth Knowing.

How many know that to let silver stand in sour milk half an hour, then wash in good soapy water, will make it look as bright as to polish it with silver paste?

To clean knife handles or any bone article it is a good plan to use salt and lemon juice. First rub the article well with the lemon juice and then with the salt. This will remove the stains and grease spots.

Tar may be removed from the hands by rubbing with the outside of fresh orange or lemon peel and drying immediately. The volatile oils dissolve tar so that it can be rubbed off.

## Nice Fruit Cookies.

Two cups of brown sugar; one cup butter; three eggs; one level teaspoonful of soda dissolved in five tablespoonfuls of sweet milk; one teaspoonful each of cloves, cinnamon, allspice and nutmeg. Three cups flour; one cup chopped raisins. Drop from a spoon in pan and bake.

## A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur  
Makes Gray Hair Vanish—A  
Remedy for all Hair Troubles

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition? As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

## SAYS DR. WEBBER AGREES TO ACCEPT

President Wheeler Gives Encouragement on Experiment  
Station Extension

Riverside Press: President Benjamin Ide Wheeler, of the University of California, sends a letter acknowledging the receipt of the lettergram sent by the Chamber of Commerce, the communication being addressed to L. C. Waite, chairman of the committee, as follows:

"Berkeley, November 4, 1912.

"Dear Mr. L. C. Waite:

"I was very glad to receive your night telegram yesterday expressing the desire of the Chamber of Commerce regarding the development of study and research at the Riverside station. You need have no doubt of the desire and intention of the Regents.

"We are all determined to carry this work manfully forward. We have asked Dr. H. G. Webber to take the headship, knowing that he is the best man in the country, and of course we cannot get the best man and retain him except as we build up an opportunity and an institution worthy of his talents.

"We, indeed, brought Dean Hunt to the state with the clear and well considered purpose of making our college of agriculture second to none in the country; we have felt that this state deserves the best; it has great things at stake in its agricultural situation.

"Scientific agriculture represents greater difficulties in California than in any other state because we have such a variety of products and because there is so great and so highly differentiated a need. I shall appreciate everything that the people of Southern California can do in supporting our plans; we cannot do anything unless we have the support of the people. We shall be glad to go as far as you will back us in going.

"It is in the belief that you will give us such support that we have been encouraged to make Dr. Webber such an offer accompanied with such assurances that he yesterday expressed to me his intention to accept our call.

"Very sincerely yours,  
"BENJ. IDE WHEELER."

## OLD NEWPORT NEWS LETTER

OLD NEWPORT, Nov. 8.—The boys certainly enjoyed themselves to the accompaniment of rattling cans, creaking wheels and springs and various other sounds peculiar to the occasion on Halloween, it being the one night of all the year when they feel free to disjoin buggies and wagons and dislocate the sections; hiding things, lying around loose, in inaccessible places, and altogether to have a hilarious time.

At the home of D. A. Bear, a Halloween party was given to the young married class of the Presbyterian church of Santa Ana, of which both Mr. and Mrs. Bear are members. On Friday evening as the guests gathered they were met by a ghostly form who insisted upon shaking hands with each, and such a cold, clammy handshake it was; a glove filled with cold, wet salt, which they took hold of. Inside, they were met by a second ghost, who showed them the way into a dimly lighted room to lay aside their wraps; then into other rooms for the various amusements of the evening. Refreshments were served on little tables. About forty were present and all voted the evening a very enjoyable one.

The Halloween party given at the Pepper Box Ranch on Friday evening by the Misses Ruth Armstrong, Edna Meyer, Ethel Walton and Anne Segerstrom was a success in every way. About fifty guests came to be met by two ghostly forms at the door. When all were assembled the ladies donned the ghost costume, and led the boys, blind-folded, upstairs, over crackling papers strewn with sugar, through doorways hung with cold, dripping strips of cloth, in lanes dotted with pillows, ending up with a guessing as to who was his partner. Couples then went to the witch's tent and had their fortunes dipped from a bubbling caldron, having been pointed the way by a dummy ghost stationed in the room. Bobbing for apples, eating apples hung by cords, pumpkin pie eating contests, and other appropriate games filled the evening until refreshments of pumpkin pie, sandwiches and coffee were served. The lights were Jack-o'-lanterns, and black cats and witches were here, there, and everywhere.

On Friday evening the Y.M.C.A. social was held at the home of Eugene Grislet. A very pleasant evening was spent and refreshments were served.

The Old Newport Whist Club had one of its meetings at the home of Mr. and Mrs. R. L. Tedford on Tuesday evening. Mr. and Mrs. J. W. Harlin, Mr. and Mrs. J. D. Hunton, Mr. Lawrence Wakeham and Miss Ora Young were those present. A very enjoyable evening was spent around the tables, and later in the evening refreshments were served.

The Epworth League held a business meeting at the parsonage on Monday evening. A new first vice president, second vice president and secretary were elected to fill vacancies made by the resignations of those holding these offices. Mrs. Wm. Burtcher was elected as first vice president; Miss Berta Armstrong as second vice president, and Roy Walton as secretary. It was decided that a mission study class be organized in the very near future, and study the book on China, then the book on the country church and its needs. Following the business meeting a social hour was spent as this was the occasion of the reception to the new minister and wife. Refreshments of grapes were served. About twenty were present.

The sermon on "Running for Office" by Wm. J. Burtcher, at the M. E. church, South, was well worth listening to. The text was 2 Pet. 1:5-10. The platform Peter gave to the church contains eight planks which each and every political party of today would do well to incorporate into the various platforms.

The sermon by Wm. Kirk at the morning service of the Church of Christ was on the journeys, hardships and trials, and the final triumph of Paul. In the evening he preached on "The Way to Holiness." Text, 2 Ephes. 8:3, and 2 James 17:18.

Next Sunday is the World's Temperance Sunday and appropriate exercises will be conducted at the Sunday school, church and league services.

Phil McClintock was over from his ranch at Westminster to act as clerk at the sale last Tuesday at the home of his father, C. M. McClintock.

## SAFE REMEDY ENDS CATARRH MISERIES

Gives Instant Relief, Cures and Prevents Catarrh and Cold in the Head

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hacking, spitting, blowing of the nose, and foul breath. Hay fever victims who are made miserable by fits of sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 50 cent bottle will more than likely work a complete cure. All druggists sell it.

### Ancient Tricks.

The arts of jugglery were, as has been proved by learned writers, of high antiquity. The Hirpin, who lived near Rome, jumped through burning coals; women in early times were accustomed to walk over burning coals in Cappadocia, and the exhibition of balls and cups often mentioned in the works of the ancients. It was as far back as the third century that one Firmus, or Firmius, who endeavored to make himself emperor in Egypt, suffered a smith to forge iron on an anvil placed on his breast, and rope dancers with balancing poles are mentioned by Petronius and others, while the various feats of horsemanship exhibited in our circuses passed in the nineteenth century, from Egypt to the Byzantine court and thence all over Europe.

### A Patient Man.

The endurance of the music lover who sits out one of Wagner's long "Ring" operas has often been commented upon, but perhaps not more forcibly than in London. Well up above the stage was a burly figure in homespun, evidently a Scottish farmer who had come to London to see the sights and hear the sounds. After sitting through three long acts he murmured audibly, "Twas a patient mon that wrote all this!"

### REVIVAL IS ON SCHEDULE

Red Increase in Building  
Activity Comes Immediately  
After Election

The revival in local building operations which was expected to come immediately after the election made its promise this week. Permits for the completed last night total \$17,760, including many residences and various improvement work. Builders report indications of increased activity expect to have all they can do for some time to come.

During the week permits were taken out for nine new residences, ranging in price from \$1500 to \$4000. The bulk of this class of work being done and the high average shown in character of the buildings being put up is the most encouraging feature of the local situation. The fact that garage buildings are being started every week is another indication of prosperity.

Contractor Black is now at work on extensive alterations for the corner of the Rossmore building, occupying the Salt Lake office. A modern front is to be put in and the interior renovated, making it an up-to-date establishment in every respect. Another modern front on Fourth street is now being put in for the room occupied by the Chandler Music Company. Contractor Black has started work

#### GAS SOURNESS AND INDIGESTION VANISH

As Soon as "Pape's Diapepsin"  
Gets in Stomach All Distress is Gone

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Advertisement.

#### CONTRACT SOON FOR Y.M.C.A. BUILDING

Anaheim Gazette: The Anaheim Young Men's Christian Association elected a board of directors composed of the following men at a meeting in the Chamber of Commerce rooms Tuesday evening: L. O. Culp, Dr. H. A. Johnston, A. A. Mills, Wm. McLaughlin, L. C. Yeoman, L. A. Evans, C. H. Worsley, D. A. Wedel and Chas. Eggabroad. Thirty-five members were present and an enthusiastic meeting was held. The building committee reported that Contractor Lagman was working on plans and specifications and that actual construction would begin as soon as bids were received and accepted. Discussion was had relative to a young men's cabinet and other matters of interest to the association, among them being a swimming tank which will be built as soon as enough money for the purpose is available.

#### POSTAL RECEIPTS SHOW GOOD GAIN

Orange News: The postal receipts for the month of October, not including the box rentals, which owing to the recent installing of free city delivery, cannot be compared show a substantial gain over the corresponding month of last year. The figures are as follows:  
October, 1911 ..... \$851.06  
October, 1912 ..... \$896.64  
Gain ..... \$ 45.58

#### ANAHEIM BANK TO INCREASE ITS CAPITAL

Anaheim Gazette: A meeting of directors of the Southern County Bank was held in this city recently and various matters pertaining to the institution were discussed. Among other things, much discussion was held in regard to increasing the capital stock of the corporation and an increase in the number of directors. The directors present expressed themselves in favor of increasing the capital stock from \$25,000 to \$75,000 and increasing the number of directors from nine to thirteen. A meeting of stockholders has been called for Thursday, December 26, to consider these propositions.

Successful Season; Factory  
Took Many Beets From  
Southern California Fields

OXNARD, Nov. 8.—The sugar-making campaign for this year at the factory of the American Beet Sugar Company ended Thursday afternoon. A long blast, letting out the steam from the engines, announced the campaign end. Henry T. Oxnard and other sugar officials were here to see the season's finish.

It has been one of the most successful seasons in the factory's history. The quality of beets grown has been unusually good and the local factory has handled beets from many parts of the south. The office force is now engaged in figuring the season's total business.

#### AMUSEMENTS

##### "The Three of Us"

The greatest bugbear of amateur theatrical performances and one admittedly hard to avoid is the interminable "wait" between acts, to say nothing of the length of time often consumed before the raising of the first curtain. Many patrons of the theater demur at attending amateur plays for this very reason, and, it may be said, justly so. One can imagine nothing more annoying than having to sit for minute after minute, sometimes even a quarter of an hour, with nothing better to do than to examine one's program, endeavor to keep up a conversation, and, when these things fail, just to do nothing but fidget. Is an audience to be blamed if, under these conditions, it becomes nervous and inattentive to what transpires on the stage?

The mechanical side of producing a play is of as much importance as the esthetic. In "The Three of Us," which will be played at the Grand Opera House on the evening of November 13th, the curtain will go up promptly at 8:15. The men who

have been assigned the various tasks of seeing to the setting of the stage, manipulating the properties, lights and costumes have been thoroughly drilled for their various duties. On the night of the performance, it is safe to say, not a minute will be wasted. A definite place has been given to everyone connected with the play. Even the actors, who are always apt to keep things "hung up" when all else is in readiness, have rehearsed not only their different roles but also the rapid changing of their costumes, make-up, etc. To please, a play must go with a vim, snap and dash. This will surely be the case with "The Three of Us" for the effects attained by the wide-awake young players will not be discounted by defective management of the mechanical details.

Remember the date of "The Three of Us"—Wednesday, November 13. Tickets should be secured early for choice location. Prices, 25, 35 and 50 cents, at Rowley Drug Co.

## Strength

The strength of a banking institution consists not alone in its financial resources but also in the character and ability of its officers and directors and in the confidence and loyalty given it by the community of which it is a part. These banks are pre-eminently strong in ALL respects.

## Service

The proper conception of a banking institution's duties and privileges includes service to its community. A bank must pay its stockholders a fair rate of interest in order to secure and hold investments in its stock; but its duty does not end here; it must also render REAL SERVICE to its community in the way of public enterprises and private support. These banks point with pride to their records in these respects.

## Solvency

A banking institution to be really and truly solvent must have more and other assets than merely money and credits in excess of its money liabilities. It must have a surplus of character, a reserve fund of reputation, a credit balance of experience, large and moral resources. These banks invite examination as to their moral solvency.

The long delayed corrugated-galvanized iron has come in and we now have nearly sixty thousand (60,000) feet in stock, comprising all lengths (6, 7, 8, 9 and 10 feet) and we propose to sell it at four and three-fourths (4¾) cents per square foot.

This is below the present wholesale market price, but we placed our orders a long time ago and the goods have advanced considerably during the delays of shipment.

This is the price delivered at our wareroom and this price will hold until we have to buy again.

We handle only the standard weight corrugated iron. There is a lighter article on the market, but we don't handle it.

THE ARMAGEDDON  
OF THE SCRIPTURESPastor Russell Presents Some  
Astounding Views.

He Claims That the Time For the Establishment of Messiah's Kingdom is Here—Not Recognizing This Truth, Papacy, Protestantism and the Civil Powers of Earth Are About to Unite in Common Cause—Unitedly These Three Most Powerful Influences Are Preparing For the Battle of Armageddon.

PASTOR RUSSELL

Brooklyn, N. Y., Nov. 3.—The Brooklyn Academy of Music was crowded to the limit today to hear Pastor Russell's discourse on the "Battle of Armageddon." His text was: "He gathered them together unto a place called in the Hebrew tongue Armageddon" (Revelation xvi, 16). He said: Armageddon in the Hebrew signifies the Mount of Destruction. The Lord has associated the name Armageddon with the controversy between Truth and Error, during which the New Age of Messiah's glory will be ushered in.

"Unclean Spirits Like Frogs." Three unclean spirits will proceed from the mouth of the Beast, the Dragon and the False Prophet, and will assemble the kings and their armies on one side for the great Armageddon battle. In this symbolical language, doctrines are represented as "frogs." Frog characteristics are pompousness, inflation of dignity, and croaking. The symbol signifies that these three Systems will send forth similar teachings.

They will look wise, and see little respecting differences between them. They will prate on Apostolic Authority, the Divine prerogatives of the clergy and the civil power. They will croak respecting the results of personal and press liberties and cause the wheels of progress to turn backward.

The kings and their armies represent political kings, princes and retainers; commercial kings, princes and retainers; and religious kings, princes and retainers. Each of these will marshal millions of humanity. The croaking of the "unclean spirits" will bring these to a condition of frenzy.

The Dragon of Revelation represents the Civil power; the leopard represents Papacy; "False Prophet" is another name for the Image of the Beast of Revelation xiii, 14, 15—Federated Protestantism. Good people in these Systems are being led into the Armageddon battle without realizing that they are to "fight against God."

The Bible declares that God has committed to the Gentile Governments the privilege of ruling the earth during a period of 2,520 years—"The Times of the Gentiles." Meantime, God has been electing a saintly few from all nations, to be associated with Messiah in His Kingdom. Neglecting the teachings of the Bible, Christendom thinks that their armies are to fight the Christian warfare. Suddenly the most terrible revolution will occur. (Revelation xviii, 10; xvi, 18.) The masses will hope for victory through the ballot. When this final recourse shall have failed the social explosion will bring anarchy. "There shall be a time of trouble such as never was since there was a nation." (Daniel xii, 1.) Our Lord added, "Except those days be shortened, there could no flesh be saved." (Matthew xxiv, 21, 22.) But the Elect, with their glorious Head, will install "the New Heavens and Earth."

Armageddon Not Yet but Soon. For forty years the Armageddon forces have been mustering for conflict. Strikes, lockouts and riots, Court and Army scandals in Europe, Insurance, Trust and Court scandals in America, have shaken public confidence. Dynamite plots, charged by turns on employees and on employers, have made each distrustful of the other. The lines of battle are distinctly marked. But Armageddon cannot yet be fought, according to prophecy.

Gentile times have still two years to run. The "image of the beast" of our context must be transformed from a mere mechanism to a living force. Protestant Federation realizes that its organization will be futile unless it receive vitalization—unless its clergy be recognized as possessed of apostolic ordination to teach. This prophecy indicates will come from the two-headed beast, symbolically representing the Church of England. Protestantism and Catholicism, operating in conjunction for the suppression of human liberties, await this vivifying of the image, which Armageddon must follow—perhaps a year after, according to the Prophetic Word.

Still another thing intervenes: Although the Jews are gradually obtaining control of Palestine, and although nineteen millionaires are there, nevertheless prophecy requires an evidently larger number of wealthy Hebrews to be there before the Armageddon crisis. "Jacob's trouble" in the Holy Land will come at the very close of Armageddon. Then Messiah's Kingdom will begin to be manifested in the land of promise. Through its Divinely appointed princes Messiah's Kingdom, all-powerful but invisible, will begin to roll away the curse and lift up mankind.

LOS ANGELES PRODUCE MARKET

The dried fruit market was more firm yesterday, and some of the products advanced. Large prunes are very scarce this season and the price on thirties to forties and forties to fifties was quoted up 1 cent. Apricots and dried figs were also stronger. The first imported dates of the season arrived—about two carloads. Golden dates were quoted down, but Fards were somewhat stronger. The shipment came in a little sooner than expected. Imported Smyrna figs are scheduled to arrive soon.

Wagner apples were quoted for the first time. Prices on Johnans were somewhat stronger. Baldwins were selling around \$1. Receipts were 11,931 boxes. Some very fancy persimmons were received. The grape stock was also quite good. Plums and Italian prunes are still on the market. Receipts of these have ceased, however, for some time, and the dealers are drawing on the storage supply.

Receipts of potatoes were 2940 sacks, and eight sacks of sweets and 320 sacks of onions came in. There were no changes, except in the price of cauliflower, which was considerably cheaper.

Receipts of eggs were forty cases, and prices are firm. Ranch eggs are likely to advance again soon, but eastern stock will probably remain steady for a while. Receipts of butter were about up to the average of the past few weeks, totaling 26,113 pounds. There is still an upward tendency in the market. San Francisco prices on cheese was down half a cent yesterday, but this decline will not affect the market here, for the supply is too short.

Wanted to Express Himself  
"Oh, dear!" exclaimed little Nettie who had fallen into a mudpuddle and soiled her new dress, "I wish I were a man."

"Why do you wish that dear?" queried her mother, sympathetically.

"Because," replied Nettie, "us women can't express our thoughts like the men can."

The Schedule  
Husband (impatiently)—How long before Bridget will serve dinner?  
Wife—One crash of china, two smells of burnt food, and three rings at the back-door bell.—Harper's Bazar.

Natural Infence  
"Can you tell me," said the Sunday school superintendent to a bright little girl, "in what condition Job was at the end of his life?" "Dead, sir," was the prompt reply.

Conservation of Human Energy:  
Improved modern machinery has enabled this laundry to do the housekeeper's hardest day's work at such a nominal cost, that no man can afford to allow his wife to waste her energy and perhaps injure her health, trying to do her own washing. A trial will convince the most skeptical.

## A NEWSPAPER MAN'S CREED FOR ORDER

Geo. Creel, Newspaper Writer  
and Police Commissioner  
Says: Take Away the Clubs

DENVER, Nov. 8.—Take away the policeman's club.

Prevent him from using a revolver unless his own life is in peril.

Keep fat men off the police force. Apply plain Christian teachings to police problems.

These constitute the platform of George Creel, newspaper writer turned police commissioner of Denver, who has instituted a campaign to prove his contention that clubs and revolvers are not necessary to the enforcement of the law.

The first step in the commissioner's campaign has been the enforcement of an order abolishing the carrying of clubs by policemen. His second is contained in the following order:

"Any officer who beats or otherwise maltreats a prisoner must be prepared to show justification of absolute self defense under the penalty of discharge and future prosecution under the state law.

"Any officer who discharges a revolver at one whose crime is not known or in case where the known crime is less than a serious felony or in the event his own life is not in peril, will be dismissed from the force."

To back up these orders, Creel has accomplished the summary dismissal of Sergeant Dooley and Patrolman Joessel who recently shot and wounded an alleged "masher" named Pike. The latter shot Pike as he was running away in fright and the former beat the man as he lay prostrate on the ground.

"I am taking away clubs because they invite brutality and are of no real use," said Creel today. "In case of assault, the officer does not rely on his club but upon his revolver. I have always believed also that the police should not carry revolvers, but I am loath to eliminate them until we get an effective law against gun selling and gun-toting.

"As it is now, every pawnshop and hardware store finds profit in the sale of revolvers, dirks and blackjacks, and because of this profit, these men killed a bill in the last Colorado legislature that would have done away with the evil and lifted from the city the menace of frontier lawlessness.

"I mean to stop this thing of police brutality and reckless shooting if I have to discharge every man on the force. I shall proceed to a reorganization of the Denver force that will result in the dismissal of the brutal, the stupid, the crooked and the inefficient.

"The reason so many fugitives are fired at is because the officers are too fat to give chase. The reason so many officers beat prisoners generally, is because they were appointed for political reasons and have developed the automatic sense. The reason they protect ramblers and macqueriaux and law breakers generally is because they are accustomed to a frank partnership with vice and crime.

"The very papers which are now exploiting police brutality were loud in their attacks upon me for 'maudlin sentimentality.' They could not contain their disgust at my attempt to apply plain Christian teachings to police problems.

Commissioner Creel also refused recently to issue an order forbidding the Industrial Workers of the World from speaking in the public streets. He asserted that such action would constitute infringement of the right of free speech and that he did not care what the speakers said so long as they remained within the bounds and did not violate the police regulations or create disorder. The commissioner declared he did not propose to have a repetition in Denver of what he said was the "shameless brutality" that had characterized the treatment of the I. W. W. speakers in San Diego.

**A Genuine Service**  
"I believe," says an old subscriber, "that every time The Youth's Companion enters a home it does that home a genuine service." That describes the purpose of the publishers exactly. The paper is not filled with mischievous or idle thoughts to fill an idle hour. It provides healthy pastime, recreation, that builds up. It is to the minds of eager and impressionable young people what sound athletics are to their bodies.

At a cost of less than four cents a week The Youth's Companion opens the door to a company of most distinguished men and women in America and Europe. Whether they are revealing the latest discoveries in science, or describing great industrial achievements, or telling of their wanderings in strange corners of the world, or feeding the imagination with rare stories, they are giving companion readers the best of themselves.

Seven serials at least will be published by The Companion in 1913, and nearly 200 other complete stories, in addition to some 50 special contributions, and a treasure-box of sketches, anecdotes, expert advice as to Athletic sports, ideas for handy devices round the house, and so forth—long hours of companionship with the wise, the adventurous and the entertaining. Announcement for 1913 will be sent with sample copies of the paper to any address on request.

Every new subscriber who sends \$2.00 for the fifty-two weekly issues of 1913 will receive as a gift The Companion Window Transparency and Calendar for 1913, the most exquisite novelty ever offered to Companion readers; also, all the issues of The Companion for the remaining weeks of 1912, free.

THE YOUTH'S COMPANION,  
144 Berkeley St., Boston, Mass.

**Conclusive.**  
Insurance Solicitor—Well, doctor, have you examined this new claimant? Doctor—No. I haven't thought it necessary. You see, I've been treating him for the last seven years. Insurance Solicitor—That's enough. If he has survived that he must be a person of wondrous vitality.
